Rich Heart Mission Work

The work in Chore is continuing with Brother Agi still traveling to Chore every weekend to hold services and to visit with a few in the community. Please pray for the Lord to open up a larger meeting place in Chore, they are presently meeting in a rented room at the public school. The room is 12ft by 12ft. Also pray for living quarters for Brother Agi and his family to move onto the field and begin full time work there. They had a high of 13 during the month of October. Especially pray for the Mongolian Church to step out even more on faith in this work.

Work Continues on Our Building.

It is hard to believe that an entire month has passed since our last report was sent out. As of this writing the Cooper's have moved into a finished room in the building which will be their bedroom. Brother Egi's family has moved into a portion of what will be their apartment.

The Bible Institute/English Classroom is almost complete. As soon as it is useable, the Rich Heart Baptist Church will start holding their services in it.

The NGO offices are in the middle of their remodel.

Thanks to a very generous family and churches we have been able to do a major remodel rather than just a superficial one. We have done some needed structural additions that will guarantee a very solid building for some time to come.

We were blessed with Brothers Richard Wharton and Randy Taylor coming and

spending 3 days doing a survey trip for a possible future building team trip. While they were here they worked on our heating radiators. We discussed the possibility of them coming back next spring and bringing a team to help paint the exterior of the building and do some improvements on the existing roof.

Rich Heart Baptist Bible Institute

The Rich Heart Baptist Bible Institute entered its 3rd year of operation with 25 students. Four classes are offered this year. Bible Analysis, Evangelism, Systematic Theology, and Bible Survey. Of these 25 students 10 are not members of Rich Heart but are members of a Methodist group. They became acquainted with Rich Heart through the Abuse Program of our NGO. Keep them in prayer as most of them are hearing things they have never heard before.

We now have semi-high speed internet!

Since the Cooper's arrived in UB we have been actively trying to obtain high speed internet. After 2 1/2 months of trying we now have 512kbps internet. It is fast enough to keep up a web page, and we are now posting pictures of the remodel work on our new building. Our web site is www.mongolianteam.org. Please visit it and share in what God is doing with this property. **The Carrell's will be returning to UB on November 12th. Keep their travel in prayer.**
