Report for JULY 2009

ANOTHER YEAR OF BIBLE SCHOOL COMPLETED

It's hard to believe that we've just completed the 5th year of Rich Heart Baptist Church's Bible Institute. On the 4th of July 42 students were recognized as having completed or participated in the courses of the school.

Aagii, pastor of Rich Heart Landmark Baptist Church of Chore, was given recognition of completing 3 years of Bible study. 10 were given 2 year completion certificates.

10 received completion certificates for 1 year of study. The remaining students received certificates for participating in various courses. We had four older ladies (they are in their late 70's) from Chore that took the 5 hour train ride to attend classes.

The Bible institute was originally designed as a two year course of study. However, this year many of the students asked if they could come back and take courses again. Of course the answer was a resounding yes. We're getting ready to begin classes again in September.

BIBLE TRANSLATION

We continue to be amazed at the great desire these precious people have for the study of God's Word. It is unfortunate they do not have an accurate translation of that Word in their language. With God's help we continue to translate. Having completed Matthew and Mark, we are now in chapter 9 of Luke. Our goal is to finish the four Gospels this year and the entire Bible in 5 years (however we won't sacrifice accuracy for speed).

A TREMENDOUS BLESSING AND MILESTONE

Rich Heart Baptist Church's missionary to Ogiinor, Erdenebayar, along with his wife Davaa and three sons, moved to their field of labor.

They already have property, their ger up and they are beginning to put up a fence. Services will begin shortly.

God continues to do amazing things in His churches here as members of those churches commit to Him, study His Word and obey what they study. May God guide us all in His work beginning in our homes to the ends of the earth!
